

Customer Support

At EuroTrail we have a team totally dedicated to customer care - where both pre and after sales support are at least as important as the asset itself. EuroTrail offers the market a complete transport solution on the basis that the customer is number one, by offering a market leading Customer Support service, enabling you the customer to commit the full attention to your own core activities.

Why come to EuroTrail?

Our commitment to developing close business partnerships with our customers is based on our experience of the mutual benefits that can be created through teamwork.

Our expert personnel listen carefully to your requirements and work with you to match our products and services to your specification accurately and effectively.

Our management team are driven by the company's mission statement:-

'To provide and support the most cost effective transport application available to the customer with a service designed to maintain maximum utilisation of the product in the customers operation'.

Whatever the size of your company or fleet, based either locally, nationally or European, EuroTrail will supply, fund and manage your assets cost effectively, efficiently and share a partnership value of product utilisation with a mutual objective of 'meeting your delivery schedules.' We achieve this by doing what we are qualified to do - and by doing it better than anyone else.

Company Profile

Based in Yorkshire, EuroTrail are an established player in the Commercial Vehicle Rental, Finance and Asset Management markets. Holding partnered agreements with the leading commercial finance houses and premium brand vehicle and equipment manufacturers, EuroTrail are increasing their market in the supply of flexible and innovative funding solutions designed to provide the customer with low operating costs and a competitive edge in their market. From roots that are steeped in commercial vehicle franchising and operations, the business has expanded into a nationally recognised leader in the supply of heavy duty commercial vehicles and specialist equipment to a broad spectrum of industry.

The company's development and success is the belief that we need to be more to our customers than financial or vehicle supply partners. Our commitment to establishing long term relationships with our customers means you can rely on us to provide the highest level of service and support.

EuroTrail is committed to six guiding principles, which represent our business philosophy and our benchmark for customer relationships:-

- ★ Long term relationships
- ★ Long term investment people
- ★ Clear market focus
- ★ Flexible transport and financial packages
- ★ Integrity and trust
- ★ High ethical and moral standards carrying out business in a responsible manner
